**Important notices:**

For spare parts supplies for devices with certification resp. for supply of spare parts with certification we only warrant that the supplied spare part in its delivery condition is suitable for the certification as indicated by purchaser.

Validity of a certification generally becomes effective after orderly assembly to the complete device. Herefore, we do not assume any guarantee.

For the repair and change of explosionproof devices, the national regulations have to be observed.

Indicate complete model code of original device as far as possible when ordering spare parts. Only valid model code combinations are allowed.

Subject to alterations - reprinting, copying and translation prohibited. Products and publications are normally quoted without reference to existing patents, registered utility models or trademarks. The lack of any such reference does not justify the assumption that a product or symbol is free.
